

Policy on Guild Participation in Member Estate Sales

- I. It is the policy of the Handweaver's Guild of Boise Valley, Inc. to only offer assistance or advice to a member's family about the sale of a fiber estate as a complimentary service.
- II. The guild is unable to accept the donation of an entire estate consisting of equipment, yarn, fiber, etc., due to the guild's limited resources to store and manage the materials.
- III. The guild is able to provide the following:
 - A. Ideas for possible avenues of dispersing the assets.
 - B. Assistance in sorting, identifying, or valuing of the weaving, spinning, or fiber assets.
- IV. If the member, family, or estate would like someone to handle the entire liquidation of the weaving, spinning, or fiber assets, the guild will provide names of individuals who may be willing to provide this service, possibly for a fee. This will be independently negotiated between the estate and the individual, not through the guild.
