

Policy on Sales During Meetings

- I. It is the policy of the Handweaver's Guild of Boise Valley, Inc. to maintain our purposes as stated in the By-Laws of our organization during meetings.
- II. The Guild also wishes to offer appreciation to fiber related businesses, including those maintained by our members. We encourage our members to support and utilize the services offered by these businesses.
- III. In order to find a balance between these two principles, there will be a method provided for business owners to deliver sales or product information to the Membership.
 - A. Notifying Members via Groups.io is one possible method.
 - B. A Bulletin Board is available to be placed on the Free Table for business owners to post notice of their sales, announcements, or new products.
 1. The Bulletin Board will be kept in the Library.
 2. At the end of the meeting notices will be removed and the Bulletin Board will be returned to the Library.
- IV. This policy also applies to any personal fund raising endeavors pursued by members.
